

If you dream big...

*If you
think
outside the box...*

Spirit Industries is one of the only hot rod manufacturers truly dedicated to that all time favorite hot rod -- the T-Bucket. Spirit does not just build a few parts and pieces to get you started, Spirit has thoroughly engineered their kit so everything fits together making it an easily accomplishable project. Spirit can help anyone with a desire to build the "car of their dreams" see those dreams become a reality. If your desire is not to build a bucket but rather to experience the ride of your life, Spirit can build the car of your dreams for you.
